The work you'll do is more than just a job.

At the State of Minnesota, employees play a critical role in developing policies, providing essential services, and working to improve the well-being and quality of life for all Minnesotans. The State of Minnesota is committed to equity and inclusion, and invests in employees by providing benefits, support resources, and training and development opportunities.

Job Summary

This position exists to coordinate the MPCA's St. Louis River Area of Concern (SLRAOC) program and provide superfund program support. This role coordinates the technical and administrative tasks of the SLRAOC program with the Minnesota Department of Natural Resources (MNDNR), the Wisconsin Department of Natural Resources (WDNR) and the Fond du Lac (FdL) Band of Lake Superior Chippewa and coordinates activities and reporting with the US Environmental Protection Agency (EPA). This position will also lead the listing and delisting activities applicable to the Minnesota Permanent List of Priorities (PLP) process and provide TEMPO guidance to the larger Superfund Program.

Minimum Qualifications

Three years of professional or two years advanced professional experience working with an environmental or sustainability focused program (regulatory or assistance). Advanced professional experience includes a demonstrated progressive level of responsibility and leadership experience. (Advanced professional-level experience is equivalent to Planner Senior State, Environmental Specialist 3, State Program Administrator Senior, or equivalent level work).

Experience developing and administering programs from initiation through conclusion.

Experience leading a variety of teams and projects to successful outcomes.

Experience in communicating information with broad audiences.

Advanced writing, verbal communication, and critical thinking skills.

The Minnesota Pollution Control Agency will not sponsor applicants for work visas including F-1 STEM OTP extensions.

In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the require employment eligibility verification form upon hire. Individuals must be legally authorized to work in the United States.

Preferred Qualifications

Knowledge of:

- The Area of Concern program and the Great Lake Restoration Initiative
- Local, state and federal environmental laws, regulations and policies related to environmental investigations and remediation/clean-up of contaminated properties, including state and federal Superfund law.

Experience in:

- Building strong relationships and a network of state, federal, Tribal, and stakeholder partners for collaboration on a project or program.
- Project and program management.
- Interpreting, implementing and/or developing policy and regulations.
- Document management and archiving.
- Communicating complex information to government entities, industry and the public through direct outreach, campaigns, presentations, and/or written materials.
- Government contracting processes and contract management.
- Data analysis and data management experience sufficient to identify and report information that is critical to program issues and decision-making.
- Prioritizing equity and environmental justice considerations into program implementation.

Physical Requirements

Requires occasionally lifting and/or carrying such articles as file folders, ledgers, and small equipment. Although a sedentary job is defined as one which involves sitting, a certain amount of walking and standing is often necessary in carrying out job duties.

Additional Requirements

Position duties may require travel but driving is not a minimum qualification or essential function of this position. Employees who may drive for state business will need their driver's license checked prior to operating a state vehicle.

It is the policy of the Minnesota Pollution Control Agency that all candidates submit to a background check prior to employment. The background check may consist of the following components:

- Conflict of Interest Review
- Criminal History Check
- Education Verification
- Employment Reference / Records Check
- License / Certification Verification where applicable

About Pollution Control Agency

Our mission is to protect and improve the environment and human health. We work with many partners (citizens, communities, and businesses, all levels of government, environmental groups and educators) to prevent pollution, conserve resources, and to help ensure polluting does not have disproportionate impact on any groups of people. We emphasize work-life balance with flex schedules, compressed schedules, and options to telework for some positions.

Working together to improve the state we love.

What do Minnesota's State employees have in common?

- A sense of purpose in their work
- Connection with their coworkers and communities
- Opportunities for personal and professional growth

Benefits

As an employee, you'll have access to one of the most affordable health insurance plans in Minnesota, along with other benefits to help you and your family be well.

Your benefits may include:
